

UNIT 2: MY COUNTRY

Inquiry 3: How do Adnyamathanha Dreaming stories relate to Country?

Activity Sheet:

MC3.1 – Reflection Sheet: Akurra Dreaming Story

1. View

Watch *Wadu Matyidi* and the Mini Doc: *Walking Our Country - Yarta Mandaawi Widniarpurla* with your class.

2. Explore Akurra Dreaming Stories

Read through each of the [Akurra Dreaming Stories](#) which tell of the land formations that Akurra created. Select one of the stories you have read and answer the questions on your [Reflection Sheet: Akurra Dreaming Story](#).

3. Reflect

Create a presentation about your story, using the information you have included in your [Reflection Sheet: Akurra Dreaming Story](#). This might be by:

- Drawing a picture and writing the original story alongside.
- Creating a poster to show the geographical features that are connected to your story about Akurra.

4. Picture Book - Akurra Dreaming Story

With your allocated group you are now going to create a picture book about an Akurra Dreaming Story to share at your very own book launch! Divide the chosen story up so that each member of your group has a section to work on. Each person should create at least one page which includes:

- Text for your part of the story
- Illustrations or pictures that best represent your section

Don't forget to create a title page and be creative with your team about how you create your book.

Once your class has finished, organise a book launch with your teacher to share your book and read the story to other students.
